

Part of my nighttime routine is writing the next day's to do list on my bathroom mirror in dry erase marker.

It helps me turn my brain off for the night and I love wiping things off as I get them done the next day!

The week of my School of Ed. entrance interview and SEAT exam this is where my head was at. It was November 2020 and Covid had gotten the best of my mood...

Go To:

Vote, Covid test, and UPS

To Do:

Spanish homework, Math test and History paper

***I am passionate about bilingual, inclusive, disruptive education.***

***CCNY School of Ed is the only program in the CUNY system that offers a B.A. in Bilingual Childhood Education.***

***CCNY is the only place for me!***

CCNY means a change of careers for me.

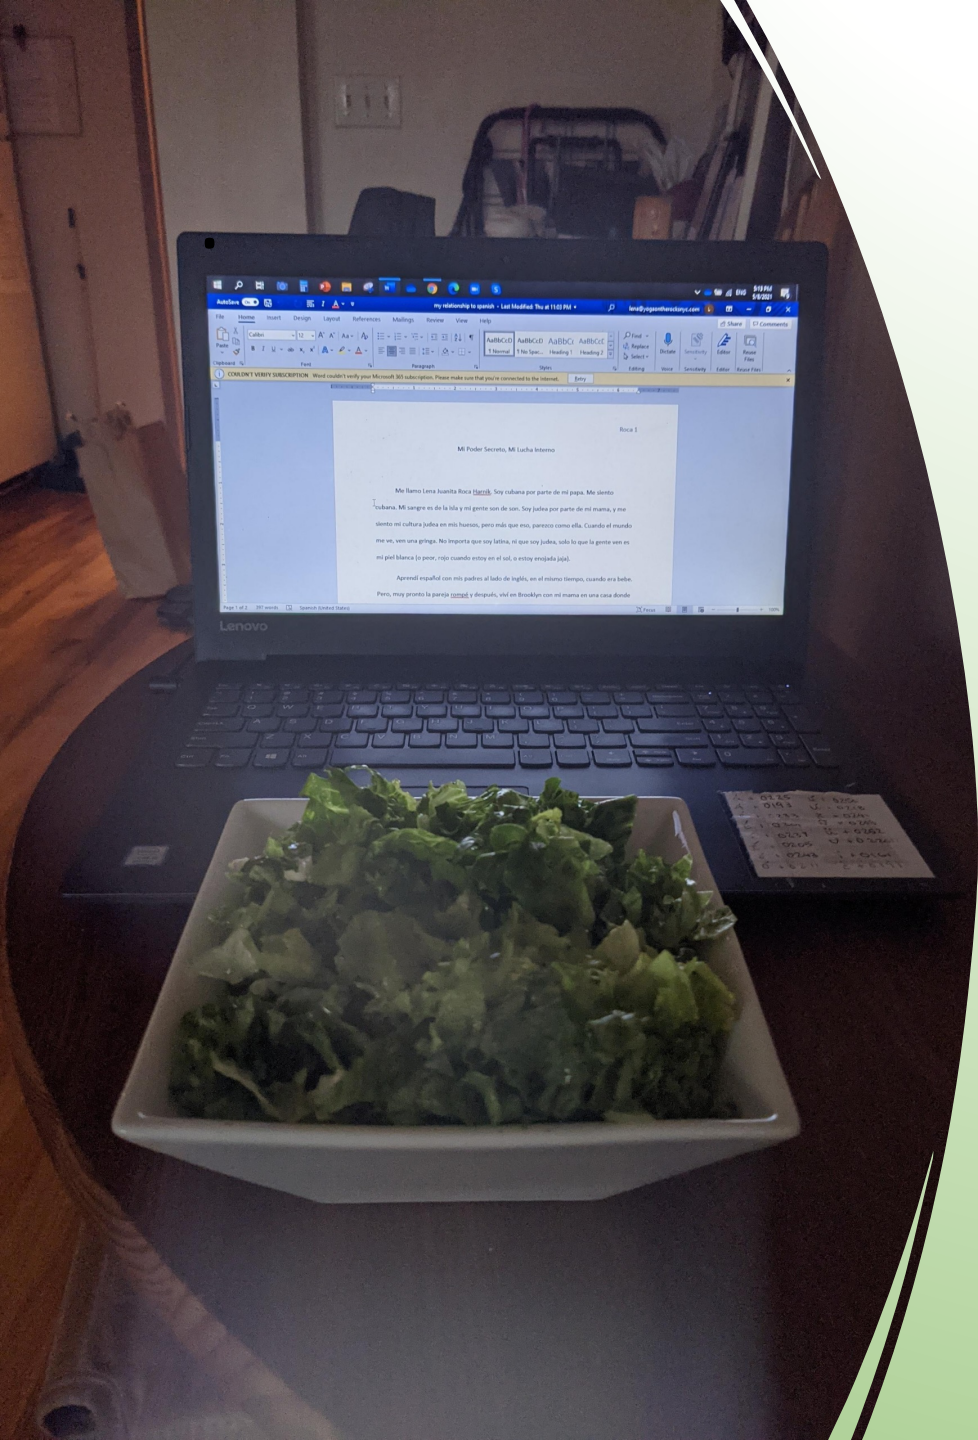

I have been a Licensed Massage Therapist for 25 years.

LMTs were amongst the first people eligible for vaccination in NYC.

After a year of not being able to work, in March 2021, I was finally safe to return.

Now I can practice my old career while perusing my new one, and I can once again concentrate on school without wondering what I can do for work.

CCNY School of Education will prepare me to be the best Bilingual Elementary Teacher I can be, but I need to have stability in order to do my part!

CCNY means:  
eating lunch while  
writing a paper...

CCNY MEANS

## Baked Goods and Booz

# Baked Goods and Booz!

CCNY means taking time to relax and celebrate those A's

CCNY means:

Post-Surf garden time,  
Sharing my screen and  
my lunch with my  
wonderful classmates

---

Someday Soon I hope CCNY means  
getting to know the beautiful campus!!

Until then, CCNY means the whole  
City is my school!
