About the Rangel Infrastructure Workforce Initiative

Training is free and open to all adults who want to explore new skills and job opportunities.

Infrastructure Fundamentals introduces core industries and career paths.

Trainees who complete the course may apply to **advanced job skills and certification training**:

- *Construction*: 30-hour OSHA Certification and 10-hour Site Safety Training
- *Environmental*: 40-hour HAZWOPER Certification
- *Green Buildings*: E-CMT Weatherization Training and GPRO (Green Professional Training)

Our staff will help you decide which courses are right for you and help you build your new resume!
